

CAREER OBJECTIVE

MCA student with knowledge of Python, SQL, Data Analysis, and Machine Learning, seeking a Data Analyst opportunity to apply analytical and technical skills, contribute to data-driven decision-making, and continuously learn and grow in a professional environment.

EDUCATION

Master of Computer Application Ramdeobaba University	2025 - 2027 CGPA: 8.15
Bachelor of Computer Application Shri Shivaji Science College, RTM Nagpur University	2022 – 2025 CGPA: 7.95

SKILLS SUMMARY

Programming Languages	- Java, Python, SQL, C, C++
Database	- MySQL
Web Technologies	- HTML, CSS, JSP
Libraries	- Pandas, NumPy, Matplotlib, Scikit-learn
Concepts	- OOP, DBMS, Data Analysis, Data Visualization
Tools	- Eclipse, VS Code, Google Colab

ACADEMIC PROJECTS

➤ Student Performance Analysis System

Technologies: Python, Pandas, Matplotlib, Google Colab

- Developed a data analysis project using Python and Pandas to analyze student academic performance.
- Calculated total scores, average marks, topper details, and subject-wise performance.
- Visualized student data using bar charts and pie charts with Matplotlib.
- Worked with CSV datasets and performed data preprocessing and analysis.

➤ Hospital Queue Management System

Technologies: JSP, Java, MySQL

- Developed a queue management system for hospitals to manage patient appointments efficiently.
- Implemented token generation and appointment booking functionality.
- Added doctor dashboard with “Call Next” feature for queue handling.
- Managed patient and appointment data using MySQL database.

➤ **Online Course Registration System**

Technologies: Java

- Developed a console-based course registration system using Java and OOP concepts.
- Implemented student management and course enrollment features.
- Applied concepts like classes, encapsulation, and abstraction.

WORKSHOPS & SEMINARS

➤ Interactive Seminar on Databricks | Databricks & SS Infotech

- Participated in a one-day seminar on Databricks covering Data Engineering, Big Data Analytics, Cloud Computing, and Data Processing.
- Gained exposure to modern data platforms and their industry applications.

CERTIFICATIONS

- GCC TBC 30 WPM Typing Certification
- GCC TBC 40 WPM Typing Certification
- C Programming Certification
- C++ Programming Certification
- Microsoft Power BI Data Analyst Certification – Coursera
- Connect and Protect: Networks and Network Security

Leadership & Extracurricular Activities

- Participated in a hackathon as part of a 6-member team, contributing to project development and presentation.
- NCC 'C' Certificate Holder
- NCC 'B' Certificate Holder.

SOFT SKILLS

- Problem Solving
 - Leadership
 - Team Collaboration and Communication
 - Quick Learner
-
